The image shows a hand-drawn user interface design for a product catalog and video player. The top section is a header with the word "productos" on the left and a search bar on the right containing a magnifying glass icon and the text "search". Below the header, there are six product placeholders arranged in a 3x2 grid. Each placeholder consists of a square box with a label underneath: "producto1", "producto2", "producto3", "5", "4", and "6". To the right of the grid is a large rectangular area representing a video player. At the bottom of this area is a video control bar with a play button, a progress slider, a volume icon, and a full-screen icon.
